MIDWEST ACCESS:

"WHY WE CHOSE THE AMERICAN COOPERATIVE IN ROCHESTER"

WATCH NOW

Watch the Midwest Access segment above for some exciting new updates from our developers! Then you'll hear directly from two Members of the American Cooperative of Rochester on why they came to the decision to join this new community.

EVEN MORE GOOD NEWS...

We've been working very hard behind the scenes to secure something special for this new Rochester community.

We've officially received a $1.9 Million city grant for The American Cooperative of Rochester!

What does that mean? It means more money in your pockets. This city grant DIRECTLY REDUCES share prices of The American Cooperative of Rochester.

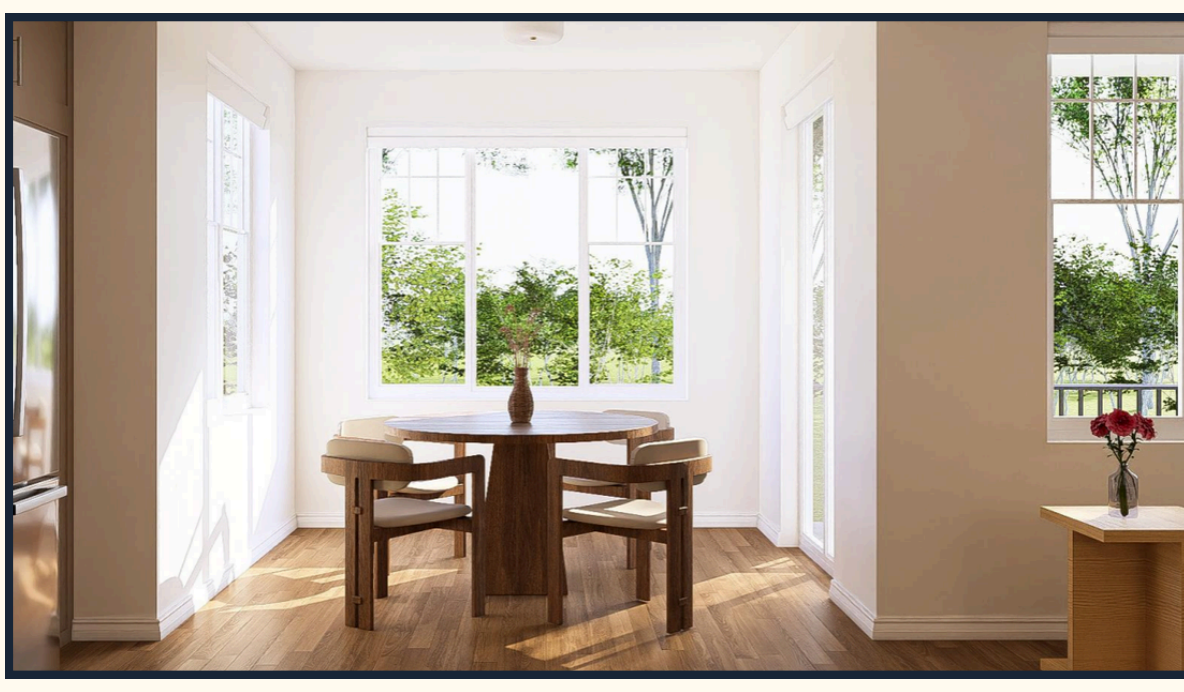

Because of this, the opportunity to rightsize at The American Cooperative just became more financially accessible.

If you've been following along, attending meetings, looking at Home Plans, or simply thinking, "maybe someday"...

this is a really good reason to take another look.
